Career Objective

Creative and tech-driven BCA student passionate about AI, automation, and smart web solutions. Skilled in Python, JavaScript, and Google Apps Script, I aim to build intelligent tools that enhance efficiency and user experience. I enjoy combining logic and design to turn everyday workflows into automated, impactful systems.

Education

Bachelor of Computer Applications (BCA)
Online Manipal University, Jaipur | 2023–2026

Diploma in Fine Arts (DFA)
Jani Devi Vocational Center | 2022–2023

Professional Experience

Mind Meadow | Nov 2024 – Nov 2025
HR Coordinator

Core Responsibilities:

- Oversaw payroll updates, leave management, and attendance tracking.
- Maintained employee records, expense logs, and data trackers using Google Sheets.
- Collected and managed data via Google Forms for onboarding and HR records.
- Monitored RCI license validity and maintained compliance updates.
- Scheduled and coordinated interviews; conducted cold calling and initial screenings.
- Occasionally conducted interviews for shortlisted candidates.

Key Achievements & Projects:

- Rebuilt the complete employee data system from scratch, converting messy records into an organized, functional database.
- Created multiple automation systems using Google Apps Script, including:
  - Offer letter & birthday wish email sender
  - Discount mailers and leave approval automation
  - Session management sheet with reduced manual input

- Generated therapist retention reports from large unformatted datasets — completed in 1 day instead of 15 manually.
- Designed an auto color-coded cell counter formula in Sheets, saving 15 minutes of manual effort daily.
- Introduced efficient data-handling workflows that reduced manual HR effort and improved reporting accuracy.

Technical Skills

• Languages: C, C++, Python, JavaScript
• Web: HTML, CSS, Bootstrap
• Automation & Tools: Google Apps Script, Excel (Advanced), ChatGPT, OpenAI API (learning), GitHub, VS Code
• Creative Tools: Canva
• Soft Skills: Communication, Teamwork, Adaptability, Problem Solving

Projects

Automation Projects (Mind Meadow) – Developed custom Google Apps Script automations to reduce HR workload by 80%.

Personal Portfolio Website – Designed a responsive multi-page website featuring five mini web project, including a calculator and gallery.

Interests

AI-based automation • Web development • Workflow optimization • Creative digital tools
